SUBJECT: Briefing by OSWR Analyst [REDACTED]

STAT

1. On 2 June, [REDACTED] gave a 45-minute briefing on Soviet unmanned space programs and how she uses FBIS open source materials to support her research and analyses. The briefing was the first of its kind for our editors who are preparing for PCS assignments to bureaus which file reporting on topics of interest to OSWR.

STAT

2. Please extend my thanks to [REDACTED] for her comprehensive and understandable presentation. The vugraphs were especially well chosen. The editors appreciated her specific examples of how FBIS reporting from the field can provide key confirmation of Soviet space program activities even in the most innocuous reports. We would welcome similar briefings for other collection areas, particularly if they are as well presented as
